THE ITALIAN SENSE OF BEAUTY

THE ITALIAN SENSE OF BEAUTY

BEAUTY STAR E UKI TOGETHER FOR A COMMON VISION

In 2020, the dream of giving life to a single large company in the furniture field of hairdressing salons comes true, with a **360 ° service.**

We had known for some time that this was the right solution but only now the conditions that made it possible have matured, in 2020 two naturally complementary parts of the Maletti group will give rise to new technical, production and commercial solutions.

BEAUTY STAR and **UKI** have in their DNA the experimentation of new forms of communication, the speed of joining new channels with simple and effective ideas, the ability to adapt to the wind of trends, the elasticity of introducing themselves in emerging market niches.

**YOUR
SUCCESS
IS OUR
PRIDE**

Professionalism for professionals

Young, sparkling, innovative: since 1999 UKI International, produces electrical accessories and professional equipment for salons, spas and beauty centers. Thanks to a strong innovative drive, it has revolutionized the hairdresser's working tools over time, making them more comfortable for operators and customers.

The perfect balance

Beauty Star creates furnishing products and accessories made in Italy with an excellent quality and price ratio, including the new New York_New York collection presented at Cosmoprof 2019.

New York New York

Be rock Be different

The concept of this furniture line is inspired by the vibrant New York mood, designed for customers looking for distinctive elements.

Simplicity and character

The Stella B brand was born from the experience of Beauty Star and wants to be the young proposal for young people.
To inspire Stella B a new testimonial every year.

SKAY & WOOD

STANDARD SKAY COLOR RANGE (OTHER COLORS ON REQUEST)

For washing and technical areas BEAUTYSTAR suggests the use of dark skay. The company does not guarantee the skay's resistance to dye stains.

TIPS: wash with a non-abrasive sponge soaked in water and neutral soap. Remove the lacquer stains with soap and water or alternatively use the appropriate Softasept N® detergent.

WARNING: never use alcohol, benzene, bleach, solvents, chemical detergents or polishing sprays. Remove dye stains immediately! The longer the time the dye remains on the skay, the less the chance to thoroughly clean the skay itself: the dye damages it for as long as it remains on its surface. Do not accommodate customers who wear dark denim fabrics (jeans) on armchairs and shampoos covered in light skay. Alternatively, make customers wear a white coat. Denim stains cannot be removed without damaging the skay.

On the finished product, the color tone may slightly differ from the sample.
