## BEAUTY STAR AND UKI TOGETHER FOR A COMMON VISION

### **Professionalism for professionals**

Young, sparkling, innovative: since 1999 UKI International, produces electrical accessories and professional equipment for salons, spas and beauty centers. Thanks to a strong innovative drive, it has revolutionized the hairdresser's working tools over time, making them more comfortable for operators and customers.

### **The perfect balance**

Beauty Star creates furnishing products and accessories made in Italy with an excellent quality and price ratio, including the new New York\_New York collection presented at Cosmoprof 2019.

### **New York New York**

#### **Be rock Be different**

The concept of this furniture line is inspired by the vibrant New York mood, designed for customers looking for distinctive elements.

### **Simplicity and character**

The Stella B brand was born from the experience of Beauty Star and wants to be the young proposal for young people.  
To inspire Stella B a new testimonial every year.

## SKAY & WOOD

### STANDARD SKAY COLOR RANGE (OTHER COLORS ON REQUEST)

For washing and technical areas BEAUTYSTAR suggests the use of dark skay. The company does not guarantee the skay's resistance to dye stains.

TIPS: wash with a non-abrasive sponge soaked in water and neutral soap. Remove the lacquer stains with soap and water or alternatively use the appropriate Softasept N® detergent.

WARNING: never use alcohol, benzene, bleach, solvents, chemical detergents or polishing sprays. Remove dye stains immediately! The longer the time the dye remains on the skay, the less the chance to thoroughly clean the skay itself: the dye damages it for as long as it remains on its surface. Do not accommodate customers who wear dark denim fabrics (jeans) on armchairs and shampoos covered in light skay. Alternatively, make customers wear a white coat. Denim stains cannot be removed without damaging the skay.

On the finished product, the color tone may slightly differ from the sample.
