Core Happiness

Every considered design detail and elegant engineering solution contributes to the endurance and performance of our equipment. This comes to you with our pleasure.

Colour key

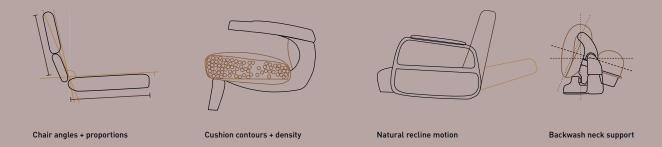

Height adjustment

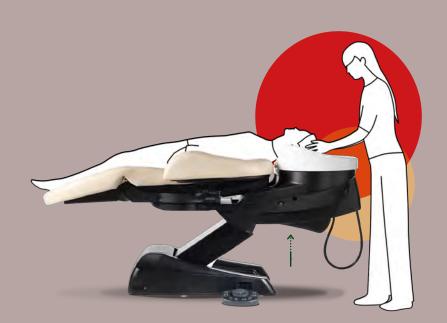

Lockable rotation

Comfortable working space

Backwash + Sidewash acces

The comfort and happiness of your Clientele is our raison d'être. For Technicians, we like to create immaculately efficient and inspiring working spaces – this is our long-time passion.

For everyone's health and beauty, we continue to dream and innovate, seek out improvements and make beautiful salons.

To die for.

Adria comprises functionality and beauty in a perfectly proportioned form. Timeless by immaculate design and very possibly immortal by its clever construction.

This chair works for you.

Made in Italy

Consider combining ${\bf Halo\ Series\ }$ with

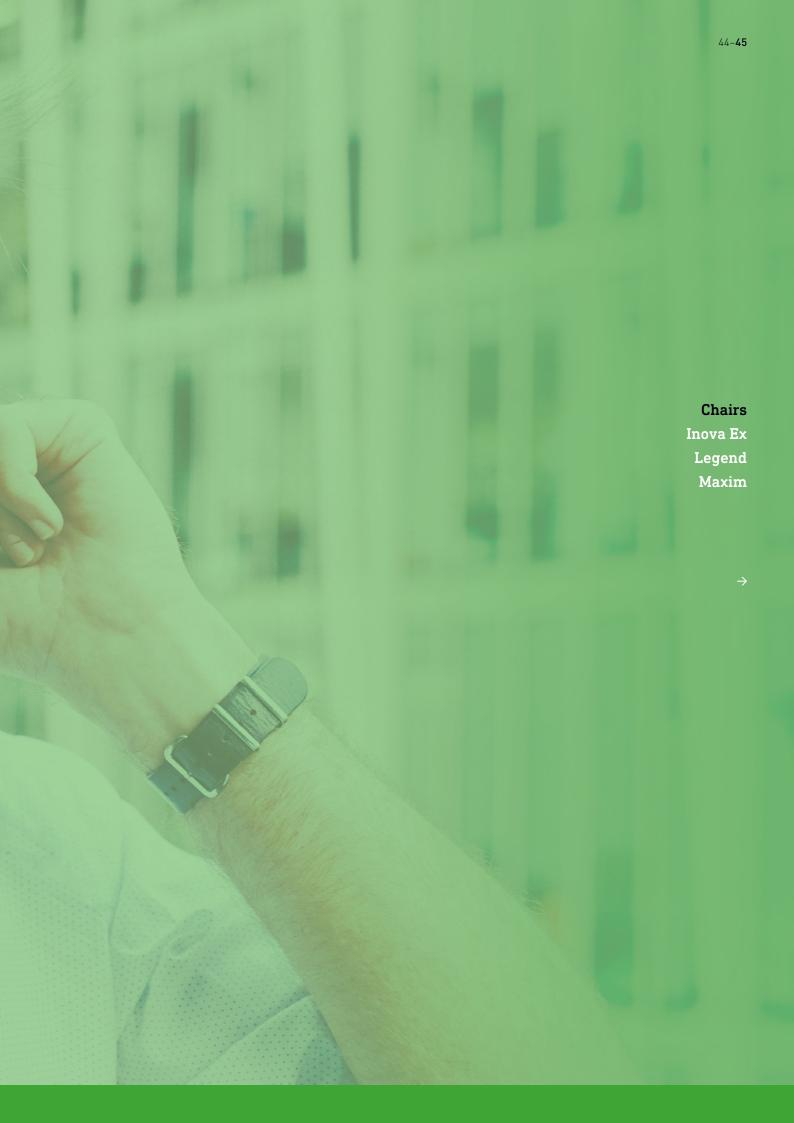

Motorised collection

We made the world's first motorised Barber's chair.

And probably the second. That was a very long time ago.

We've since mastered the ergonomics of luxury seating, ensured near-silent smooth movements, installed luxury functions and integrated features for a better workflow.

Made in Japan

 $\textit{Features include} \rightarrow \textit{model options} \quad \textit{fully motorised operation} \quad \textit{full chair upholstery} \quad \textit{twin-axis headrest} \quad \textit{legrest heater} \quad \textit{detachable chair sections}$

Treatment

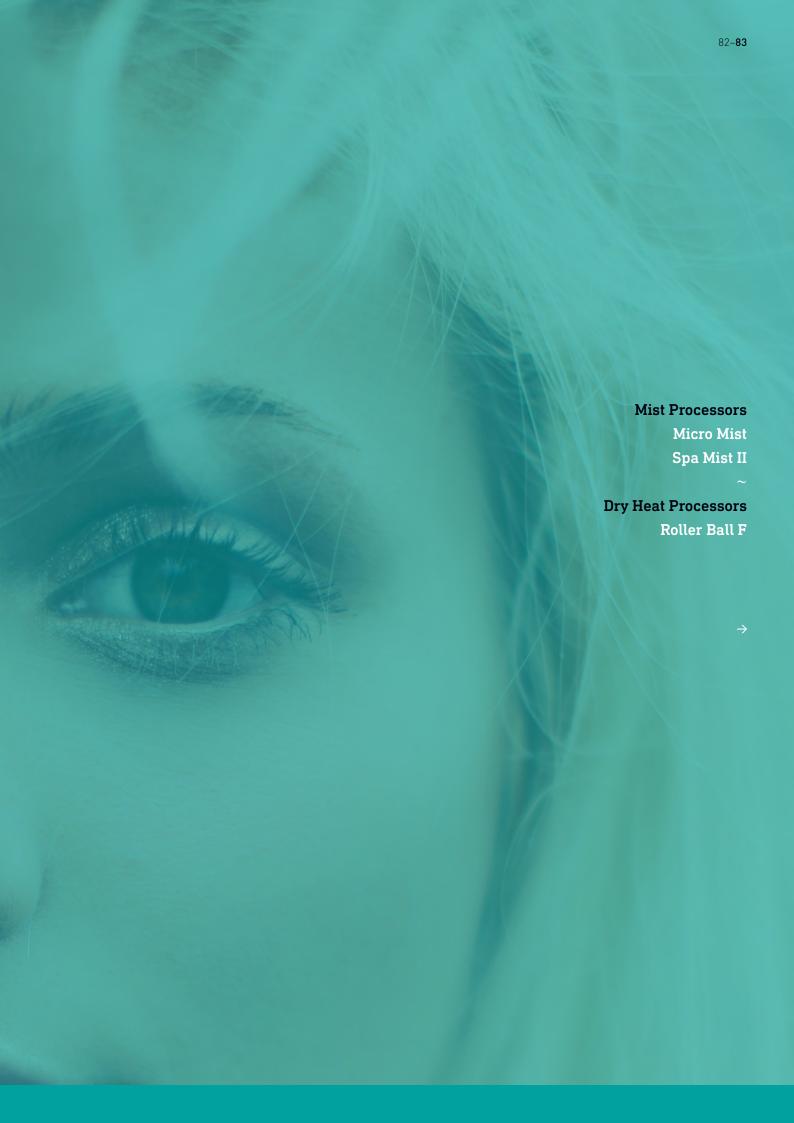

Healthy is beautiful.

Our processors defy convention, but being easy to operate is central to each of their innovative designs.

Process colours and perms at lower temperatures and for shorter durations than traditional machines, and produce better results than ever.

Offer healthier, longer-lasting treatments to your Clients, and give the perfect outcome for today's busy and beautiful Client.

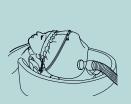

Made in Japan

Deeper cuticle penetration of any treatment particles ensures better results; colour is more vibrant and enduring, and other chemical processes last longer with the help of mist.

The difference between mist and steam is the water temperature and particle size: the cooler, smaller mist delivers more treatment particles and less water deeper into the hair cuticle.

Low mist temperature = 40–50°C Steam = 100°C

Spa Mist II treatments at the backwash and in the chair (with or without cap)

Mist cap and hood circulate the heat and mist around the head

Our ingenious pieces of equipment have replaced the need for the old-style steamer and dryer duo.

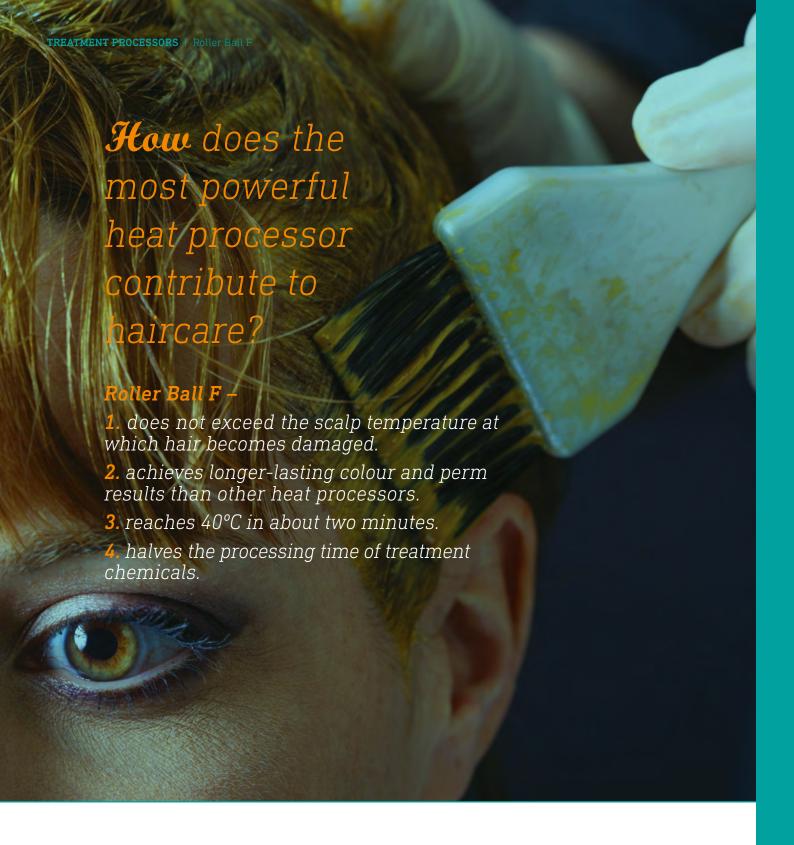

Features include →
programmable presets
integrated cooling system
low temperatures
compact & mobile

 ← Features include model options body colour options

Roller Ball F Wall-mounted version

Rotating the heat source ensures the most even treatment

Rotation can be paused at any time or position

programmable presets and manual control with 7 scalp temperature levels

Yume series

Yume couches elevate a Salon to a Spa, enabling increasingly popular, extended Headspa services with the best possible equipment.

Gorgeously comforting to the eye, even more so to the body, Yume's plush form and Espoir's compact versatility ensure there's a 'dream' fit for every space.

Made in Japan

Yume

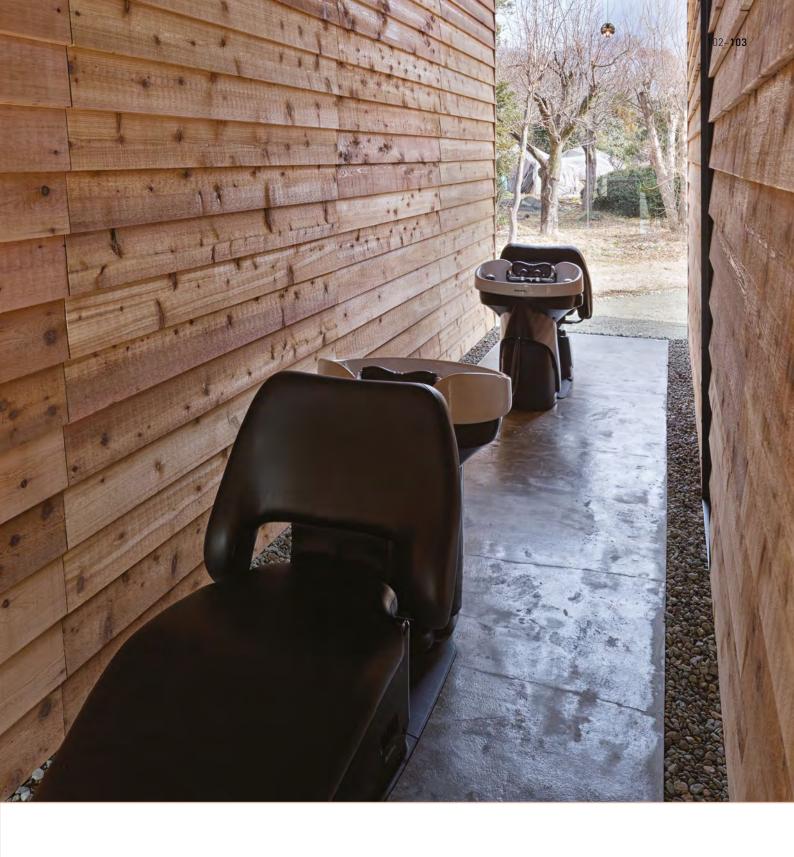

Yume DX with 90° chair rotation

We all are VIP

Yume Espoir ESF with fixed seat section

Yume Espoir ESL with folding legrest

Yume Oasis

Floor service unit required, see p.109

Amazing functionality & workflow

Move the Technicians between stations and tasks, and allow Clients the ultimate comfort of being treated at a single station for all services.

Maximise your space with multipurpose chairs, mobile processors and the world's smartest backwash solution — idealise your salon with more intelligent equipment.

Project planning

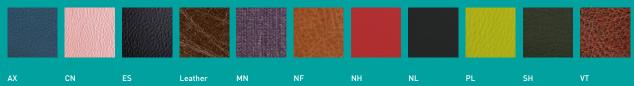

We are keen to estimate delivery times to assist your project planning, but we recommend that Clients consult us directly regarding more specific lead-times. Many items are upholstered or made to order in Japan, with an estimated delivery of 12–18 weeks. Items from the UK, Italy or Europe can be delivered sooner, estimated at 4–6 or 9–10 weeks respectively. Most chair bases are held in UK stock.

Takara Belmont's experienced Upholsterers have carefully selected specific fabrics for each chair to achieve optimum styling and ensure extended durability.

Select colours from our 'Standard' or 'Alternative' ranges, or upgrade to a 'Special Option' as you like.

Your salon and your equipment are a key element of your expressiveness, we understand that. Your dream is our dream. As such, if a colour that you have in mind is not offered within our specified ranges, please enquire with your dealer.
